

## WOMEN TO RAISE \$5,000 EACH DAY FOR TEN DAYS

Money to Help Build a Home  
for the Young Women's  
Hebrew Association.

TO HAVE A DANCE HALL.

Jacob H. Schiff Will Give  
\$40,000 If \$50,000 Be  
Raised in Time Set.

To raise \$5,000 a day for ten consecutive days, \$50,000 in all—that is the little task which ten of the most prominent women in Hebrew society have set themselves. The fund being collected is the last, if somewhat sizable, drop in the bucket of \$250,000, the amount to be employed in erecting a new and magnificent home for the Young Women's Hebrew Association of New York.

Mrs. Felix Weingart is chairman of the Campaign Committee of Women, which has already entered with a rush on its quick-work philanthropy. Another member of the committee is Mrs. Charles H. Isaacs, the able initiator of the movement against bad dance halls. Still another interesting collector is Mrs. A. N. Cohen, who is several years past her nineteenth birthday and who is said to be the oldest woman in America actively engaged in charitable work.

To-day, bright and early, these earnest women, young and old, will set out "begging." For every dollar of the \$5,000 is to be raised by personal solicitation. Yesterday the committee announced that it had taken in \$2,500, and the work was scarcely started. To-day's returns are expected to be much larger.

**FIVE WOMEN PLEDGE \$1,000 EACH.**

Five women have pledged themselves obtain \$1,000 apiece. To each of the others has been assigned a certain district of the city, and a list of all possible contributors within the geographical limits has been compiled. Each woman has such a list, and she will make one or more personal calls on all the persons whose names are down, whether or not she has any acquaintance with them. It is the personal service plan carried to the nth power. "Workers have already raised \$100,000 for the new building," said Mrs. Isaacs this morning. "A most promising campaign was under way last spring, when the Titanic disaster occurred and all charitable thoughts and impulses were for a time directed to one end. There has been more or less quiet effort through the summer. Friends of the late Mrs. Esther J. Hussey, well known in Hebrew philanthropic work, have furnished a Memorial Room at the cost of \$1,000. Mrs. Alexander Kohut has

procured a like sum for the Schonberg Memorial Room.

"The land for the new headquarters of the Young Women's Hebrew Association has already been bought. It consists of two big lots at East One Hundred and Tenth street, between Fifth and Lenox avenues, opposite Central Park.

**PROMISED \$40,000 IF \$50,000 BE RAISED.**

"Jacob H. Schiff has promised us \$40,000 if we can raise over \$50,000 in the ten days set apart for it. So we ought to be all ready for building by Thanksgiving Day.

"Next Sunday the collections in all the Hebrew Sunday schools will be devoted to the fund, and the ministers have been asked to preach sermons dealing with the object of our work. It really is a tremendously deserving one. We have in this city the first, and so far the only, Young Women's Hebrew Association, and in its present cramped quarters, at One Hundred and Third street and Lexington avenue, it is doing remarkable work.

"We are frankly desirous of incorporating into our new home all the features which have made the Young Women's Christian Association so helpful and desirable to their members. There will be all sorts of vocational classes for our girls and plenty of healthy amusement.

"As chairman of the Dance Hall Committee, I have come to recognize the absolute necessity for constructive as well as destructive work in managing the recreation facilities offered to young people. We can't just say, 'You mustn't go there.' We have to say, 'Won't you come here?' We'll try to give you a good time. And certainly you may in-

vite your young man."

**BIG DANCE HALL WILL BE A SPECIAL FEATURE.**

"One of the special features of the new home will be a big dance hall, with proper facilities for instruction, and a healthy social life between the girls and their young men friends will be encouraged. The girls may have plenty of callers, and rooms for their reception will be provided. We are not planning to erect a nunnery.

"Finally, the entire scheme is a splendid experiment in democracy. I can see that so soon, for along with the financial and personal assistance of the society women in our campaign are offered the equally sincere and earnest efforts of the girls themselves. They

## Why You Should Bathe Internally

Under our present mode of living Nature unassisted cannot dispose of all the waste. This waste sends its poisons into the system, through the blood circulation, and brings on countless ills.

That's the reason a Physician's first step in illness is to give a laxative. Physicians generally, in order to stop this accumulation of waste, are now advising the use of the J. B. L. Cascade.

Nature's cure for constipation, which rids the lower intestine of all waste and keeps it healthy without drugging. It is now shown by all Riker and Hege-

man Drug Stores in New York and Brooklyn.

**Boy of Five Saves a Life.**

BOSTON, Nov. 12.—Five-year-old Fred Dolan carried a four-months-old child down two flights of smoke-filled and flame lighted stairs to safety last night in a fire in a lodging house in the Charlestown district, which cost Patrick Hawes of Halifax his life and caused probably fatal injuries to two other persons.

## HACKETT-CARHART CREDITORS' SETTLEMENT SALE

### Built on a Foundation That's 56 Years Old

More than a half century's reputation for fine clothes and fair dealing. That's what is behind the sale being held at the Hackett-Carhart stores to-day.

That, and the purpose to retain this reputation for generations to come, is the rarest kind of a guarantee of good faith.

The most sensational values in suits and overcoats ever offered are here. And there's a REASON for these values such as seldom exists.

This reason lies with the recent Hackett-Carhart receivership. The creditors accepted 50 cents on the dollar—a concession that permits present stocks to be sold at an average of 50% less than the regular prices.

The present stocks comprise more than

25,000 garments of the latest cut, the newest fabrics, the finest tailoring.

Overcoats are shown in more than 750 fabric designs and 60 different models—for dress, business, motor, travel and storm wear. The finest collection New York has ever seen.

Many thousand suits are here in countless varieties of fine materials—in all the new patterns and colorings. And no correct style exists that isn't among them.

Nor is the most expensive custom tailor on Fifth avenue capable of finer tailoring than characterizes each garment.

And all yours to choose among with the assurance that whatever you select will net you an average
